

TWMS 2017

VI Congress of the Turkic
World Mathematical Society
Astana – Kazakhstan
October 2–5, 2017

First Announcement

of the Turkic World Mathematical Society (TWMS 2017)

Dear colleagues!

The VI Congress of the Turkic World Mathematical Society (TWMS 2017) will be held on October 2-5, 2017 in Astana. The Congress will be organized on the basis of L.N. Gumilyov Eurasian National University.

Traditionally, International Congresses of the Mathematical Society of Turkic World are held once in three years. The main objective of the Congress is expansion of international relations and scientific cooperation between scientists of Turkic world, development of mathematics and application of achievements of mathematics and information technology in scientific research. At the Congress of the Turkic World Mathematical Society main directions of development of theoretical and applied mathematics are defined, and the scientists who have made significant contributions to the development of mathematics are awarded. Not only representatives of the countries of the Turkic world participate in the Congresses of the Turkic World Mathematical Society, but also leading scholars from other countries are invited.

The I Congress of the Turkic World Mathematical Society was held in 1999 in Turkey at Firat University (Elazig, Turkey); The II Congress - in 2007 in Turkey at Sakarya University (Adapazari, Turkey); The III Congress - in 2009 in Kazakhstan at Kazakh National University named after Al-Farabi (Almaty, 30.06.-4.07.2009); The IV Congress - in 2011, in Azerbaijan at Baku University (Baku, Azerbaijan); The V Congress - in 2014 in Kyrgyzstan, on the shore of Lake Issyk-Kul (Issyk-Kul, Kyrgyzstan, 3-9 June 2014).

The VI Congress of the Turkic World Mathematical Society will include conferences (Conference), mini-symposiums (Mini-symposium) and workshops (Workshop). The Congress will consist of plenary lectures of the Congress, plenary lectures within conferences and mini-symposiums, oral presentations and poster presentations. The list of the conferences, seminars and mini-symposiums, and the

conditions of new announcements will be presented on the official website of the Congress.

The official languages of the Congress are English, Kazakh and Russian.

By the beginning of the Congress a book of abstracts will have been prepared. Abstract design template will be published on the official Congress website <http://twms-astana-2017.kz/>.

Selected works of the Congress will be published in international journals «Eurasian Mathematical Journal» (Astana), «Eurasian Mathematical Journal of Mathematical and Computer Applications» (Астана), «TWMS Pure and Applied Mathematics» (Baku), «TWMS Applied and Computational Mathematics» (Baku), «Journal of Applied and Engineering Mathematics» (Turkey), (journals included in the Thomson Reuters database). Organizing committee of the Congress is working to increase the number of scientific journals for publication of materials of the Congress.

Registration fee for the participants of the Congress is defined, the amount of which will be published on the official Congress website.

The Organizing Committee of the VI Congress of the Turkic World Mathematical Society (TWMS2017) invites you to participate in its work. We invite everyone to register on the official Congress website. There you can register the title of your report, select the conference, mini-symposium or seminar to participate, and determine the form of your report and attach the abstract file of the report.

Please forward this newsletter to all interested scientists.

Yours sincerely,

President of the International Program Committee of VI Congress of the Turkic World Mathematical Society

Academician of the National Academy of Sciences of the Republic of Kazakhstan, Honorary President of Turkic World Mathematical Society

Chairman of the International organizing committee

 B. Zhumagulov

Professor, Vice-President of Turkic World Mathematical Society (Kazakhstan, Astana)

N. Bokayev
